

machCon GmbH is a moderately growing consulting company that advises national and international large and medium-sized customers in diverse industries.

We are currently looking for a

Consultant (m/f) in the field of Quality Management

Your tasks

- Together with our consultants and team leaders you work in demanding and diverse customer projects in the field of Quality Management / CSV / eCompliance.
 - With your excellent methodical skills you autonomously play a part in contributing to the success of sub-tasks and -projects.
 - You don't operate in the background, but you are in direct contact with our customers and take care of them as part of the machCon GmbH consulting service.
 - In addition, you are working on the conceptual development of various consulting services of the machCon GmbH.
-

Your profile

- You have completed a higher education (university) in a technical or business discipline or you have an equivalent vocational training.
 - You have at least 2 years of professional experience as a consultant in the field of quality management, e.g. in CSV / eCompliance / test management.
 - You have knowledge in the design and implementation of innovative quality assurance measures and audits.
 - You take pleasure in advising clients, you like to travel and with your appearance you communicate safety and competence.
 - You proceed methodically and you have good conceptual and analytical skills - furthermore you are learning quickly.
 - You are characterized by a high level of commitment and willingness to learn and have fun working autonomously on new issues.
 - You share our values such as commitment, openness and integrity.
 - You are fluent in German and English.
-

We offer

- Varied consulting activities in an interesting environment and international clients with strategically related client projects.
- The ability to take responsibility and to lead sub-projects.
- A professional consulting environment with a young, highly motivated team in a moderately growing company.
- Above average training opportunities, performance-based compensation, and extensive additional services.

Do not miss your chance.
We look forward to receiving your application via e-mail to contact@machcon.ch.
